A big welcome to all of our new clients and a gracious thank you to our existing clients for their loyalty. Thank you to each of you we really appreciate your business.!

## National Arbor Day April 24th

The last Friday in April. Many states have designated a day or week to celebrate tree planting which coincides with their optimal tree planting conditions.

Bennett Landscape will be participating in this demonstration Friday April 24th, planting trees in various citywide locations in celebration of Arbor Day.

Contact your city to learn how you can celebrate Arbor Day in your community.

## T H E R E ' S M O R E T O M U L C H T H A N M E E T S T H E E Y E

Mulch - most of us think of it as something that's there simply to make the ground look good. And it does. The consistent color and texture of mulch do improve the looks of your shrubs and flowers. In fact, dark-colored mulches even widen the pupil of the eye, making bright plants stand out even more.

Mulching also cuts down on the amount of time and effort it will take to keep your beds and your whole property looking better throughout the entire season. Here are some of the other advantages of spring mulching:

- Prevents many weeds and grasses from sprouting by blocking sunlight from the soil.
- Keeps up to 21% more moisture in the soil around the root zone.
- Helps soil stay up to 10 degrees cooler in the summer, which reduces stress on plants.

Whatever type of mulch you prefer, it's best to get an early start for the most benefits. To learn more about mulching, call Bennett Landscape today at 310-534-3543. We have great pricing available, and we're scheduling now.

## Importance of Professional Tree Trimming

Professional tree trimming saves you money while increasing the value and curb appeal of your whole property. Regular trimming of your trees not only keeps them healthier and better looking now, but protects them from a whole host of potential problems as they grow and continue to mature.

### Why Professional Tree Trimming?

- To improve a tree's looks and help it keep the best shape and growth habit.
- To prompt new growth, since trees respond to trimming by growing.
- To reduce foliage to what the roots can support .
- To improve a tree's health by removing dead, diseased or insect-infested wood.
- To allow more air and sunlight to reach inner branches, helping to prevent disease.
- To remove weak or dead branches that could fall and hurt people or damage property.

To allow for better wind movement through the canopy, reducing the chances of damage in stormy weather.

Your landscape is a big investment. With maintenance-level pruning performed by professionals, you'll be helping that investment to grow in beauty and value. Now is a great time to schedule a tree and shrub evaluation to determine what types of pruning are needed on your property. We are licensed and insured and guarantee your satisfaction. Give us a call today.

### Landscape Maintenance Services Quarterly Report Card

Bennett Landscape values your continued patronage! We ask that you please participate in this quarterly survey. **We continuously strive to not only meet your expectations, but to exceed them! Please take a moment to fill out our questionnaire. We will follow up with you and make sure any issues or requests you have will be taken care of in a timely manner.** Upon return of this sheet, you will also be entered into our random drawing. ***This month, the winner of our drawing will receive 3 flats of seasonal color. To be included in our drawing, all report cards need to be received by April 10, 2026. We will publicly announce the winner in our Summer newsletter.*** Thank you!

### Could Your Landscape Use a Pick-Me-Up?

Now is a Great Time for Planting  
Now that we are moving in to Spring, we are all looking forward to getting our yards back in shape again. One way to do that is to have Bennett install new trees and shrubs or a splash of spring color to bring life to your property, and there's no time like the present.

New plantings will not only improve the beauty and overall curb appeal of your landscape, but they will increase the value of your property as well. The first step is to schedule a professional consultation with one of our landscape team. We can help you determine which trees and shrubs will work best for each part of your property. Depending on your specific tastes and budget, there are all sorts of options available. Let us help Spring into a beautiful landscape.

### NOTICE OF UPCOMING RATE REVIEW

**We appreciate the opportunity to continue providing professional landscape maintenance services for your property. Your trust and partnership are extremely important to us.**

**Due to ongoing increases in labor, fuel, and insurance costs, we are currently reviewing our service rates. At this time, we anticipate a potential adjustment of approximately 3% minimum to ensure we can maintain the quality, reliability, and licensed professional service you expect from us.**

**We remain committed to staying competitive while upholding the high standards of workmanship, safety, and service that define our company.**

**Once the review process is complete, we will provide advance notice before any changes take effect.**

**Thank you for your continued business and understanding. Please feel free to reach out if you have any questions.**
